

# COMPREHENSIVE PATHOLOGY SERVICES FOR MODERN AMBULATORY SURGERY CENTERS

With the ability to process samples in-house, deliver results in as little as 48 hours, and service any number of different specialty test requests, Clinical Pathology Associates is the ideal partner for today's surgery centers.

## The Clinical Pathology Associates Difference:

Easy access to CPA's deep bench of pathology specialists and subspecialists for personalized consultation

Turnaround times in as little as 48 hours with pathology reports provided to the ASC and the surgeon

Custom courier pickup schedules

Designated customer service contact

Full integration with native EMR

Nearly 200 available tests performed in-house

The CPA lab offers the full package of specialty pathology services so your ASC can focus on patient care and experience:

- ✓ Quality of care
- ✓ Service specialty fit
- ✓ Logistics
- ✓ Technology
- ✓ Customer service
