

PATHOLOGY SERVICES FOR ORAL & MAXILLOFACIAL SURGEONS

For oral and maxillofacial surgeons, a trusted and reliable pathology partner with subspecialty expertise is essential. Clinical Pathology Associates has pathologists representing multiple specialties and subspecialties, including dermatopathology, surgical pathology, and head and neck pathology, combining unparalleled expertise for diagnosis of oral disease.

CPA shares your goal of delivering excellent patient care. And, we share your goal of clinically appropriate, judicious testing.

The Clinical Pathology Associates Difference

Our pathologists provide exemplary diagnostic capability and expertise to diagnose oral cancer, mouth ulcers, periodontal disease, and other oral diseases.

Our Promise

Collegial, collaborative relationships

Accessible part of the clinical team

Personally responsive to questions and consultation requests
