

FAST AND RELIABLE PATHOLOGY SERVICES DESIGNED FOR MODERN IMAGING CENTERS

With the ability to deliver results in as little as 24 hours across nearly every pathology specialty and subspecialty, Clinical Pathology Associates is the ideal partner for today's imaging centers.

From breast biopsies to lymph node biopsies and FNAs, CPA delivers accurate results quickly and with a level of personal service only a physician-owned lab can achieve.

The Clinical Pathology Associates Difference:

Easy access to CPA's deep bench of pathology specialists and subspecialists for fast, personalized consultations

Competitive turnaround times averaging 1-2 days

Diagnoses for complex and rare cases

Full integration with native EMR

Nearly 200 available tests performed in-house

The CPA Lab employs the latest advances in digital pathology to deliver:

- ✓ Telepathology solutions built for modern practices
- ✓ Multiple high-capacity scanners with 240-slide capacity
- ✓ Versatility to read LBC, FFPE, and smear-based slides
- ✓ Workflow integration for fast tele-reporting
